

APSIT GROUP TERM LIFE INSURANCE

STUDENT LOANS. NEW CAR. MORTGAGE. CHILDCARE. BANK LOANS.

Do you have these financial responsibilities? What happens to these debts if you're removed from the picture? Do they go to your parents as co-signers on loans? Or your spouse? You're helping pave the way to your future, and nobody can hold you back. Live your life to the fullest—just have a plan in place.

How does Group Term Life Insurance help me?

Should something unexpectedly happen to you, a life insurance policy will help cover your outstanding debts.

Who qualifies for APSIT Group Term Life Coverage?

Members of the American Institute of Physics' Member and Affiliated Societies are eligible to purchase insurance through APSIT. Members in good standing and their lawful spouses, under age 65 who are residing in the United States (except VT); Puerto Rico; or Canada (except Quebec), are eligible to apply for group term life coverage. Each unmarried, dependent child age 14 days through 23 years (25 for full-time student) is also eligible for coverage.

A dependent who is also an APSIT society member is eligible for either member or dependent coverage, but not both. If both spouses are covered as members, neither may insure the other as spouse and only one may insure any eligible children.

What are my enrollment coverage options?

If you're an APSIT society member under age 65, and a resident of the United States (except VT), Puerto Rico, or Canada (except Quebec), you're eligible to apply for \$10,000 to \$1,500,000 (in multiples of \$10,000) of APSIT Group Term Life Insurance.*

You may also apply for \$10,000 to \$750,000 (in multiples of \$10,000) of term life coverage for your lawful spouse (spouse coverage cannot exceed member coverage). Each eligible child may be insured for \$10,000 (6 months through age 23; age 25 for full-time student).

QuickDecisionSM automated underwriting for coverage amounts up to \$400,000 (under age 50). No medical exam (just a few health questions) and a faster decision.**

**Most QuickDecisionSM applications can be processed without the need for follow-up. However, sometimes you may need to speak with a representative to verify information or have a medical professional visit you. Coverages higher than \$400,000 and members over age 49 are not eligible for QuickDecisionSM. Not available in all states.

The aggregate maximum amount of life insurance in force for all New York Life APSIT Group Term Life Insurance policies may not exceed \$1,500,000 per insured individual. In addition, the total amount of coverage any individual insured may have by more than one group policy may not exceed plan maximums. A child may not be insured for more than one \$10,000 benefit under all policies issued by New York Life Insurance Company to the Trustee of the APSIT Life Insurance Plan.

*Coverage decreases starting at member age 65; premiums are not reduced (see "2019 Monthly Premium Rates" and "Reduction Schedule").

What are the amounts of insurance for ages 65–80?

The amount of life insurance for you and your spouse is based on your age at your last birthday, and decreases on the semiannual premium due date on or immediately after you reach the age for the next scheduled reduction, as explained in your Certificate of Insurance. After age 65, coverage decreases for each \$10,000 of member insurance and each \$10,000 of spouse insurance. Premiums do not reduce. The amount of children's insurance does not decrease.

The "Reduction Schedule" chart (below) shows details on each age bracket decrease.*

Reduction Schedule

| Member Age | MEMBER \$10,000 OPTION* | SPOUSE \$10,000 OPTION* |
|------------|-------------------------|-------------------------|
| < 65 | \$10,000 | \$10,000 |
| 65 | \$5,000 | \$5,000 |
| 70 | \$2,500 | \$2,500 |
| 75+ | \$1,250 | \$1,250 |

*Based on the current benefit structure for each \$10,000 option of member coverage and \$10,000 option of spouse coverage.

What are the value-added features in this plan?

Living Benefit Provision

(accelerated death benefit): provides you with the option to apply for one advance payment equal to 50% of your in-force life insurance while alive, if you're diagnosed as terminally ill with a life expectancy of 12 months or less and provide any other necessary medical information requested. This benefit also applies to spousal coverage. For eligibility, features, terms, renewability, limitations, and exclusions, see your Certificate of Insurance. Full premiums continue to be payable. Receipt of accelerated death benefits may affect your eligibility for public assistance programs and may be taxable. You should consult the appropriate social services agency and seek the advice of a qualified tax advisor prior to applying for such benefits.

Premiums Waived for Disability:

allows you to continue your life insurance (and any dependent coverage) at no cost to you, if you become totally disabled prior to age 60 and the disability continues for at least nine months. (See Certificate of Insurance for details.) Evidence, from time to time, of continued Total Disability is required.

No Exclusions/Incontestability:

pays benefits for death from any cause, at any time, anywhere in the world.* The validity of any amount of your life

insurance which has been in force for two years during your lifetime will not be contested except for nonpayment of premium contributions and plan provisions relating to eligibility.

**Subject to U.S. government regulations on restricted countries.*

When would my coverage take effect?

Coverage is effective on the date specified by New York Life Insurance Company, provided the first premium contribution has been paid, satisfactory evidence of insurability has been submitted, and you and your dependents are alive on that date. Coverage for any dependent who is confined at home, in a hospital, or other medical institution; or is incapacitated so as to be unable to perform his or her normal activities on the date coverage would otherwise become effective, will not become effective until the date he or she is no longer so confined or incapacitated, provided you are insured on that date and the dependent is still eligible for insurance.

What happens if I change jobs?

Coverage under the APSIT Group Term Life Insurance Plan is portable*—even if you change jobs your policy remains in force.

**Provided you pay your premiums when due, remain an APSIT society member, and the plan is not terminated.*

How do I obtain approval for this coverage?

The APSIT Group Term Life Insurance Plan is medically underwritten based on the information provided by you on the application. It is important that you complete the form truthfully and completely. Your request is subject to New York Life Insurance Company's approval, and more medical information may be requested.

A physical exam, EKG, blood test, or other information may be required. If so, we will arrange for a professional paramedic to contact you to perform these simple tests at your convenience, free of charge. The shorter application works in conjunction with a "tele-underwriter." The service provider that contacts you will take your personal health information confidentially over the phone while you're at home or at the office. If needed, your provider will make arrangements for any medical requirements with you during this call. New York Life Insurance Company relies on your answers and statements. Misstatements or failures to report information on your request form may be used as the basis for rescinding your insurance.

When does my coverage end?

Your insurance can remain in force for you (or your insured spouse if you apply solely for spouse coverage) until you reach age 80, provided:

- (a) you continue to pay premium contributions when due,
- (b) you remain an APSIT society member, and
- (c) the plan is not terminated by the Trustee or New York Life Insurance Company.

Insurance will not terminate if you change employment or retire. In case of the death of a member, coverage for insured dependents may be continued as described in the Certificate of Insurance.

*To qualify as a non-smoker, the insured must not have used tobacco or nicotine in any form for the past 12 months.

Montana Residents: Male rates apply to everyone regardless of gender. An administrative fee of \$.50 will be added to your premium bill for all modes other than annually.

How to Calculate Your Monthly Cost

The initial cost of insurance for you and your lawful spouse is based on your age on the day your insurance becomes effective—the cost increases as you grow older. The chart above shows your annual premium rate per \$1,000 of coverage for members, and per \$1,000 of coverage for spouses. You will be billed monthly on the first day of each month. You can also make arrangements to pay your premium in increments other than monthly. To calculate your rate cost, visit apsitinsurance.com and click on the Group Term Life Insurance button.

The premium contributions shown above reflect the current rates and benefit structure. Premium contributions may be changed by New York Life Insurance Company on any premium due date, but not more than once in any 12-month period, and on any date on which benefits are changed. However, your rates may change only if they are changed for all others in the same class of insureds under this group policy. For example, a class of insureds is a group of people all with the same issue age and tobacco/nicotine usage. Premium contributions vary with the amount of benefit chosen. Benefit option amounts are not guaranteed and are subject to change by agreement between New York Life Insurance Company and the Trustee.
